## Disclaimers

This pattern is provided as a courtesy to quilt stores, catalogs, and quilters. Michael Miller Fabrics, LLC is not responsible for the accuracy of any kits packaged to accompany this pattern. Please direct any inquiries to the kit maker.

Yardage requirements for this pattern may allow for excess yardage to accommodate specific placement of motifs or to allow for any fussy-cutting to achieve the finished quilt design.

While every attempt has been made to give accurate measurements, yardage requirements, and construction directions; this does not allow personal variations in measuring, cutting, and or sewing. The enclosed directions were used in the construction of the original quilt.

## Directions

1. Trace pattern pieces (grouped by color) onto the paper side of the fusible web. Cut out leaving a margin around each piece. Following the manufacturer's directions press the fusible web onto the wrong side of each color. Keeping the colors together, cut out each piece. Refer to the Super Hero on CX5089 for placement of each piece. Add the stars as shown. These can be arranged on the non-stick pressing sheet and transferred to the center of the CX5098 26 1/2" x 30 1/2" piece or arranged right side up directly on the background fabric. Press in place. Machine applique all raw edges to finish. Black thread was used throughout except for the nose and mouth where a dark flesh-tone was used. Iron-on tear-away stabilizer was used on the back of the applique before stitching. This improves the quality of the stitching and reduces warping and any distortion. Remove the paper after stitching.

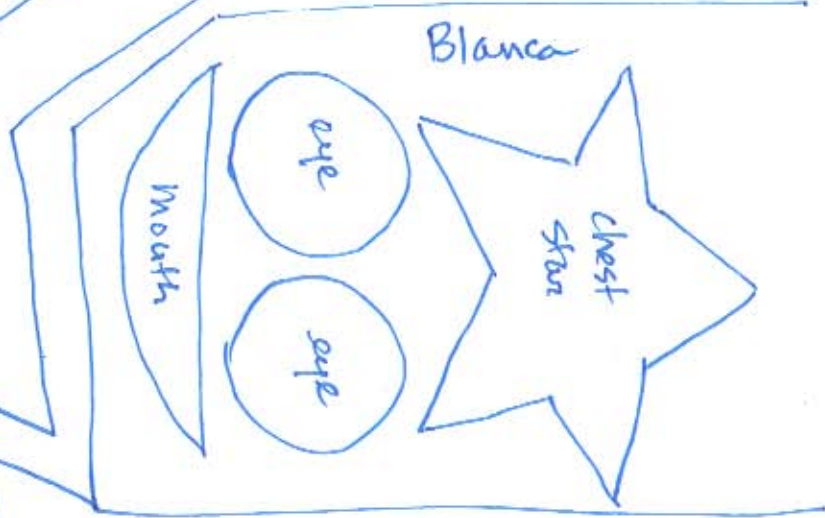

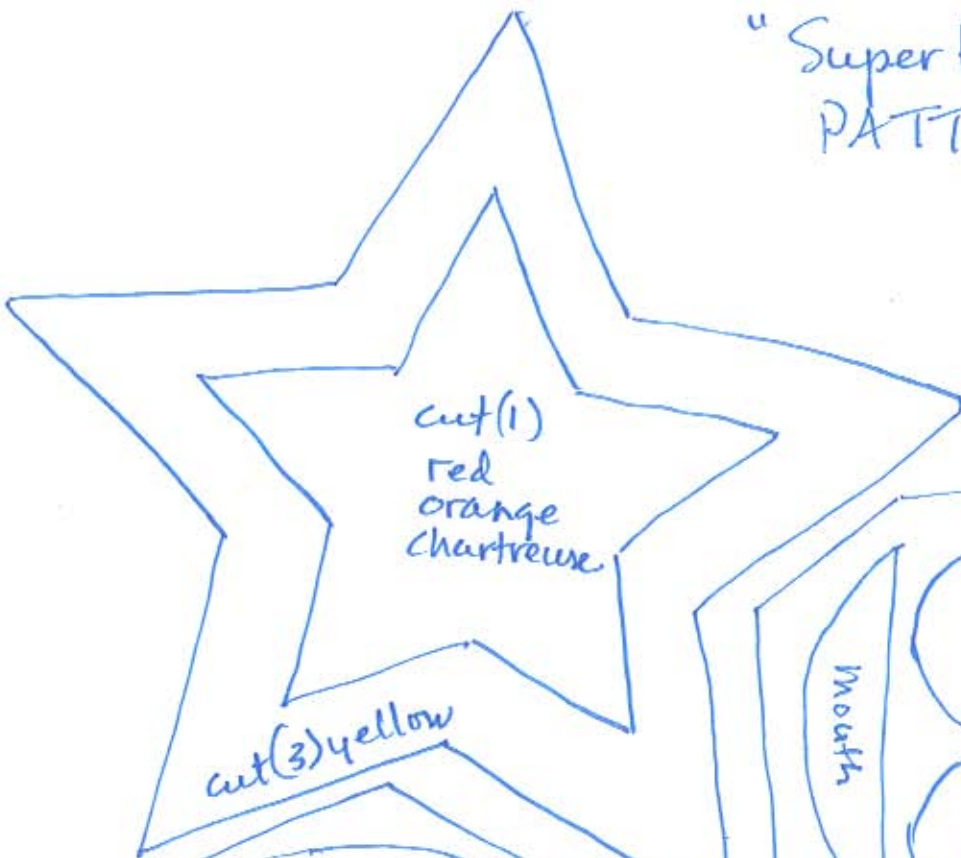

**NOTE:** a small white crescent was stitched in each eye using a decorative sewing machine stitch add the highlight.

2. Sew one CX1684 26 1/2" strip to the top and bottom of the quilt. Sew one CX1684 32 1/2" strip to each side.
3. For a right square triangle block, place one CX3295 5" square right sides together on top of one CX4768 5" square. Draw a line diagonally from corner to corner. Stitch 1/4" on each side of the drawn line. Cut apart on the drawn line. Press each half open. Yield - two right square triangles. Trim each to an accurate 4 1/2" square. Make (30) right square triangle blocks.
4. Sew (7) blocks together to make one row. Make two rows. Sew one to the top and bottom of the quilt. Sew (8) blocks together. Make two rows. Sew one CX3295 4 1/2" square to the top and bottom of each row. Sew one row to each side of the quilt.
5. Sew one CX1684 36 1/2" strip to the top and bottom of the quilt. Sew one CX1684 42 1/2" strip to each side.
6. Sew one CX5089 3 1/2" H x 38 1/2" strip to the top and bottom of the quilt. Keep motifs upright. Sew one CX5089 3 1/2" W x 48 1/2" H strip to each side of the quilt.
7. Layer backing, batting, and quilt top. Baste.
8. Quilt as desired.
9. Bind quilt using K1149 (Red) 2 1/2" strips, pieced as needed for length.
