I Heart Paris
46" x 58"

Cutting:
WOF = Width of Fabric

From each 3/8 yard print:

From border fabric:
Cut [5] 5-1/2" x WOF strips (borders) and [6] 2-1/2" x WOF strips (binding)

Prepare Appliqués:
Trace heart applique onto template plastic. Carefully cut the heart shape out of the template plastic, keeping the outside edges intact. Place the heart frame template on the paper side of the fusible web. Trace the inside of the heart frame. Trace 12 hearts onto fusible web.

DO NOT cut the traced hearts on the drawn line. Cut them apart at least 1/8" outside the lines. Lay a fusible web heart, paper side up, on the wrong side of a fat quarter print and press according to fusible web manufacturer’s directions. Let fabric cool, then cut out heart shape on the drawn line. Peel off paper and place appliqué onto a 12-1/2" background square. Fuse to the background square, following manufacturer’s directions. Repeat to fuse a total of 10 hearts from fat quarters and [2] hearts from remaining border fabric.

Stitch the appliqué hearts to each 12-1/2" square using the stitch of your choice. I used a blanket stitch. You may also use a zig zag or straight stitch.

Arrange blocks as shown on Page 1. Sew together into horizontal rows. Sew rows together to complete quilt center.

Sew [5] 5-1/2" x WOF border strips together end to end. Cut two 5-1/2" x 48-1/2" borders and sew to each side of quilt center. Press toward borders.

Cut two 5-1/2" x 46-1/2" borders and sew to top and bottom of quilt center. Press toward borders to complete quilt top.
