**Also Needed:**
- Template Plastic
- 65” x 72” backing, 65 x 72” batting, threads to match, scissors, straight pins, rotary cutter, acrylic ruler.

### Disclaimers

This pattern is provided as a courtesy to quilt stores, catalogs, and quilters. Michael Miller Fabrics, LLC is not responsible for the accuracy of any kits packaged to accompany this pattern. Please direct any inquiries to the kit maker.

While every attempt has been made to give accurate measurements, yardage requirements, and construction directions; this does not allow personal variations in measuring, cutting, and or sewing. The enclosed directions were used in the construction of the original quilt.
**Directions**

Use 1/4” seam allowance and press all seams open unless otherwise directed.

1. From the 3” x WOF strips cut (2) 14” long pieces from each. These are block “C”. Set aside.

2. Sew the 3 1/2” x WOF strips in contrasting pairs lengthwise. Press seams open. Continue sewing pairs until all strips have been sewn.

3. Carefully trace half of each template onto template plastic. Line up the second template using the alignment marks and continue tracing the remaining half of each template. Label each template. Cut out on the solid line.

4. Place template “A” on a strip set as close to the top as possible, aligning the diagonal line with the strip set seam as shown in the diagram below. Carefully cut out “A” Block.

5. Continue moving template “A” down the strip cutting (3) blocks from the strip set.

6. Cut a total of 57 “A” blocks from 19 strip sets.

7. Repeat the process of aligning the template and cutting out blocks with template “B”.

8. Cut a total of 60 “B” blocks from 20 strip sets.

9. Refer to the Quilt Assembly Diagram for block placement. Mix and Match blocks until you’re pleased with their placement.

10. Assemble blocks together in rows, then sew rows together. Press seams open.

11. Quilt as desired, bind and Enjoy!
