Piecing Instructions - 20 Individual Macarons

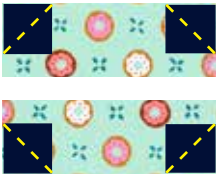

1. Sew the white filling for all 20 macarons at one time by sewing a 20" x .75" navy strip down the length of both sides of a 4" x 20" white block. Trim into 20 - 1" strips.

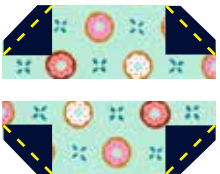

2. Take one of the 4.5" x 3.5" rectangles and cut in half lengthwise to make two (2) 4.5" x 1.75" pieces.

3. Start with a pair of 4.5" x 1.75" rectangles. Place four navy 1" squares, marked with a diagonal line, on corners as shown.

4. Sew directly on the marked line.

5. Trim, leaving a .25" seam allowance.

6. Press corners back.

7. Sew one of the centers you made in the first step inbetween the top and bottom macaron pieces. Make sure the corners are oriented properly.

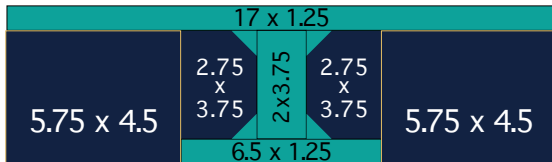

8. Congratulations, you've just made a macaron. Now make 19 more!

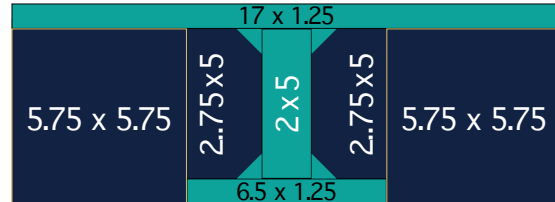

Piecing Instructions - 9 Cake Stands

There are four different height cake stands. The diagram below shows the quantities you will need to make of each one for a total of nine. Basic instructions are the same for all so I will just show instructions to make the first one, Cake Stand F. Please use the cutting dimensions in each diagram as a guide for which size pieces to sew together to make the different height variations. The first measurement given is always the width.

4. Press corners back.

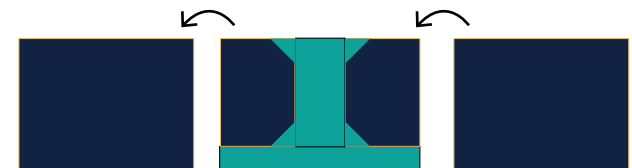

5. Sew a 2" x 3.75" teal rectangle inbetween these two pieces as shown to make the center cake stand leg.

6. Sew 6.5" x 1.25" skinny teal rectangle to the bottom of the cake stand leg.

7. Sew the two 5.75" x 6.5" dark blue pieces to either side of the center leg pieces.
