‘Holiday Frivoliday’ Reversible Christmas Tree Skirt  
Designed by Marinda Stewart  
Size: Approximately 60” diameter  
Skill Level: Confident Beginner

12-panel Christmas Tree skirt is assembled one quilted panel at a time. Each seam is bound. Skirt ties closed.

</tr>
</tbody>
</table>

Also Needed: Batting (each panel is approximately 17” wide at the bottom, 4” wide at the top and 26” high times (12)), thread to match, scissors, straight pins, rotary cutter, acrylic ruler, and mat.

* Or amount needed to get a total of (12) repeats - (6) repeats - (6) each side of the double border

  ** Center on motif as shown

  *** Keep motifs upright

Directions:

1. For the striped section, sew (1) CX4846 1 1/2” x W.O.F. strip to each side of one CX4831 3 1/2” x W.O.F. strip. Make (6) sets total. Using the ‘stripe’ pattern piece, cut (12) pieces for the top side and (12) pieces for the lining.
2. For one front panel, sew together (1) CX8034 top piece (from the red section of the fabric), (1) stripe section, and (1) CX8034 bottom section as shown. Make (12) wedges total. Set aside.

3. For the lining panel, sew together (1) CX8033 top piece, (1) stripe section, (1) CX8034 middle section, (1) CX4846 2" x 16" piece, (1) CX8034 bottom piece. Trim excess CX4846 strip even with the side of the wedge. Make (12) wedges total. Set aside.

4. Using a finished wedge as a pattern - cut (12) wedges from batting.

5. Layer one piece of batting between one front with the border and one lining piece. Align all the raw edges. Baste. Quilt as desired. Make (12) quilted wedges.

6. Using CX4846 2 1/2" x W.O.F. strips - bind top and bottom of each wedge. Piece binding as needed for efficient use.

7. Join wedges together with red border sides facing each other. Bind seam edges with CX4846. Turn under raw edges to finish at each end of the wedges. Bound seam will be a decorative finish on the lining side.

8. From CX4846 binding, strip cut (8) 12”-13” pieces. Fold raw edges into the center of each piece. Press. Fold in half lengthwise and top stitch each side for the ties.

9. Pin binding to each side of the wedges at the opening. Turn binding to the other side. Insert (4) ties equally spaced on each side. Top stitch binding in place to finish.

10. Tie skirt in place around the base of the tree to use.
