Piecing Instructions

Block A – Churn Dash Blocks

1. Create HST units by sewing (1) 3 ½” HST cut from Fabrics A and F right sides together along the longest edge. Trim the HST unit to 3” and press seams toward Fabric F. Repeat to create (52) HST units.

![Image of HST units](image)

2. Sew (1) 1 ¾” x 6” rectangle cut from Fabrics A and B right sides together along the longest edge. Press seams toward Fabric B. Repeat to create (52) rectangle units.

3. Complete Block A using (4) HST units made in Step 1, (4) rectangle units made in Step 2, and (1) Fabric E 6” square. Repeat to create (9) blocks using Fabric E as the center of Block A.

4. Repeat the same construction process for Block A using Fabric I 6” squares. Repeat to create (4) blocks using Fabric I as the center of Block A.

5. The number of Block A’s should total (13).
Paper Pieced Mushroom Instructions:

(Designer Note: Shorten your stitch length to approximately 1-1.5 to create a tighter, more secure seam. This will make paper removal easier.)

1. Refer to the diagram as well as the fabric assignments listed in the cutting instructions for fabric placement.
2. Print (6) complete Mushroom Block A foundation templates and (6) complete Mushroom Block B foundation templates. Be sure that the printer does not scale down your foundation templates.
3. Cut out the paper piecing templates from all sheets making sure to include the outermost line for the ¼” seam allowance. Group each mushroom together as you cut for organization.
4. Complete the paper piecing blocks in order chronologically and alphabetically. Use ¼” seams and snip threads for a nice finish.
5. When trimming each paper pieced block, be sure that fabric extends to the edge of the paper to secure your block with a ¼” seam.
6. Repeat to complete (6) Mushroom Block A, and (6) Mushroom Block B.

Mushroom Block A Fabric Assignments:

1. Use the guide listed to pair the correct size fabric piece with the correct template letter and number.
