PIECING INSTRUCTIONS

APPLIQUÉ: (Note: Do not resize or mirror-image appliqué shapes.)
Trace each appliqué shape (pages 4-13) on the paper side of fusible web (see placement notes below for large scale appliqués). DO NOT cut on the traced lines. Cut them apart at least 1/8” outside the lines. Lay a fusible web shape, paper side up, on the wrong side of fabric. Press according to fusible web manufacturer’s instructions. Let fabric cool, then cut out shape on the drawn line.

Peel off paper from shape and arrange, fusible side down, on the right side of the appliqué background (refer to image on Page 1 for placement). Fuse to appliqué background following manufacturer’s instructions.

Stitch the appliqués using the stitch of your choice. You can use blanket stitch, zig zag or straight stitch.

ASSEMBLY: Sew a 4-1/2” x 36-1/2” Fabric B border to each side of quilt center. Press toward borders. Sew a 4-1/2” x 38-1/2” Fabric B border to top and bottom of quilt center. Press toward borders to complete quilt top.

LARGE SCALE APPLIQUÉ:

Use the red lines and diagrams below to line up the shapes for large scale appliqués. Tape appliqué pieces together and then trace onto fusible web.
