Disclaimers

This pattern is provided as a courtesy to quilt stores, catalogs, and quilters. Michael Miller Fabrics, LLC is not responsible for the accuracy of any kits packaged to accompany this pattern. Please direct any inquiries to the kit maker.

Yardage requirements for this pattern may allow for excess yardage to accommodate specific placement of motifs or to allow for any fussy-cutting to achieve the finished quilt design.

While every attempt has been made to give accurate measurements, yardage requirements, and construction directions; this does not allow personal variations in measuring, cutting, and or sewing. The enclosed directions were used in the construction of the original quilt.

Directions:

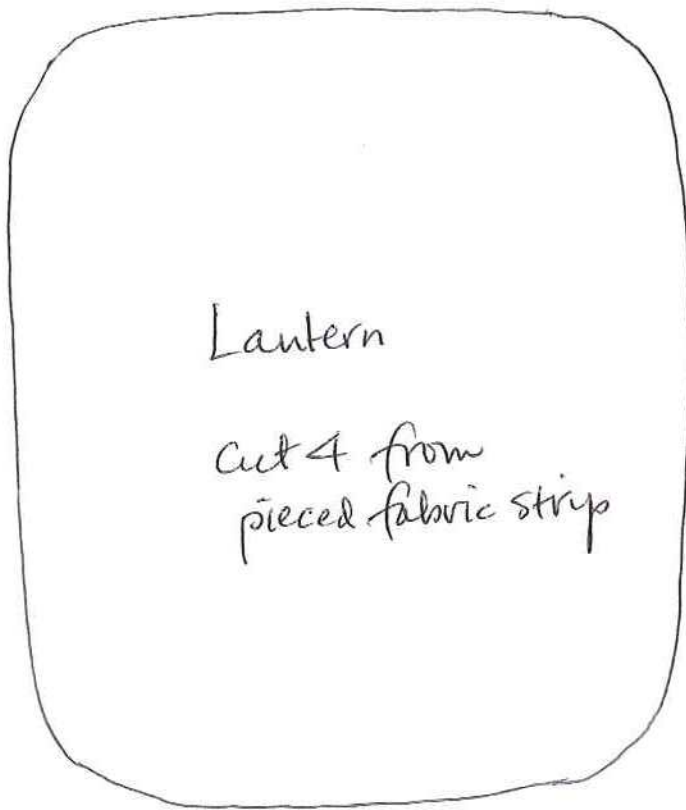

1. Sew one CX3584 1 ½" x 40 ½" piece to each side of PC6485. Sew one CX3584 1 ½" x 26 ½" piece to the top and bottom of PC6485.
2. Sew one DC6196 1 ½" x 42 ½" piece to each side of the panel. Sew one DC6196 1 ½" x 28 ½" piece to the top and bottom. Set aside.
3. For each side of the quilt alternate (12) background triangles (CJ6064) and (11) assorted colored triangles to make one 5 ¼" x 44 ½" piece. Begin and end with CJ6064. Trim off excess CJ6064 at each end to make a flat edge. Refer to photo for color placement or place as desired. Make (2). Sew one to each side of the quilt.

Repeat step #3 using (8) CJ6064 triangles and (7) assorted color triangles. Trim excess

4. CJ6064 at each end. Sew one CJ6064 5 ¼" square to each end of the triangle strip. Make (2). Sew one to the top and bottom of the quilt.
5. For the appliques – following manufacturer's directions, trace (6) small stars and (3) large stars on the paper side of the fusible web. Rough cut out. Iron onto the wrong side (3) small stars on K1226, one large star and (2) small stars on K1127 and (2) large stars and one small star on CJ6066. Cut out. Remove paper backing. Iron in place on background as shown or as desired. Machine applique in place. A decorative machine stitch was used for an irregular edge. OPTIONAL: (but recommended) iron iron-on tear-away stabilizer on the background fabric behind each star before stitching. Remove all traces of stabilizer after stitching. This improves stitch quality and removes any fabric distortion.
6. For the lanterns piece together (1) DC6189 1" x 18" piece to one K1127 1 ¼" x 18" piece. Next add CX5543 1 ¼" x 18" piece, one CX5911 1 ¼" x 18" piece and end with one CJ4816 1" x 18" piece. Press seams open.
7. Trace (4) lanterns on the paper side of the fusible web. Rough cut out. Iron onto the wrong side of the 18" pieced strip cut out. Iron fusible web on the wrong side of each Jet Black 5/8" x 2" piece (8 total).
8. Remove paper backing on lantern pieces. Arrange on background as shown or as desired. Iron in place. Machine satin stitch around all raw edges to finish. Use stabilizer as in step #5.

9. For the cord – free hand draw in the cord connecting the lanterns. Refer to the photo for placement. Machine satin stitch the cord using black thread adding hangers for each lantern as shown. Use stabilizers as in step #5.
10. Layer backing, batting, and quilt top. Baste.
11. Quilt as desired.
12. Bind quilt using CJ6064 2 ½" strips pieced as needed for length.
