## Also Needed:

- 60" x 78" quilt batting.
- A rotary cutter, a long acrylic ruler, cutting mat, thread, scissors, pins, pencil.

All seam allowances are  $\frac{1}{4}$ ".

## Quilt Layout:

Divide your squares into color groups according to preceding tables. (You will be using the SC5333 POWDER BLUE - COTTON COUTURE in two color groups, as indicated).

Lay your squares out 23 squares accross and 30 squares down, making a V formation with color as you go.

The twelfth square across will be the centre of your quilt & V formation.

For all the color groups work with five squares across, except the green group, work with four squares.

Refer to the quilt photo for more placement reference.

Here are a few tips for arranging color (or you can refer to the quilt photo):

- In all the color groupings use a random placement of patterns, except for the navy group. In this group, arrange the SC5333 MIDNIGHT- COTTON COUTURE along the top edge of the V to create a more dramatic appearance.
- As much as possible, try to avoid having two fabrics of the same pattern side-by-side. It's fine if it happens a bit, but it keeps things looking more lively if patterns are more scattered.

## Piecing the Quilt Top:

Once you are happy with the arrangement, start piecing the squares together one row at a time. Be sure to keep your squares in the right order. Press seams open.

Once your rows are all sewn, piece these together, in order, aligning seams, to finish your quilt top. Press seams open.

## Assembling Quilt:

Layer backing, batting and quilt top. Baste or pin.

Quilt as desired.

Square up quilt.

Join binding strips together and bind in your preferred fashion.
