**ALSO NEEDED:** 45" x 60" backing, 45" x 60" batting, threads to match, scissors, straight pins, rotary cutter, acrylic ruler, mat, and fusible web.

\* Center on motif as shown with 1/4" seam allowance allowed on each side.

Quilt is assembled from the top down. Arrange 40 1/2" strips as shown or as desired.

## Directions:

1. Sew one K2259 2" x 40 ½" piece to the top of one CX7232 4 ½" x 40 ½" (with moon and stars) piece. Set aside.
2. For one flying geese unit – place one SC5333 Breeze 2 ½" square right sides together on top of one CX7244 Lagoon 2 ½" x 4 ½" piece. Sew diagonally from the lower outside corner to the upper inside corner of the SC5333 Breeze piece. Press open. Trim excess fabric from the back. Repeat for the other corner sewing in the opposite direction. This will create a large CX7244 Lagoon triangle in the center of the block. Make (20) units total. Sew end to end as shown to make one 4 ½" x 40 ½" strip. Sew to the bottom of CX7232 piece.
3. Add one CX7232 1 ¼" x 40 ½" piece next, followed by one CX7232 3 ¼" x 40 ½" mountain strip, one CX7232 1 ½" x 40 ½" piece and one CX7232 2 ½" x 40 ½" solid stripe piece. Add the CX7232 5 ¾" x 40 ½" piece with the bear paws on each end. Piece should measure approximately 21" in length.
4. To make one delectable mountain unit – place one SC5333 Breeze 7" square right sides together on top of one CX7244 Olive square. Draw a diagonal line from corner to corner. Stitch ¼" on each sides of the diagonal line. Cut apart. Press open. Trim each right square triangle to an accurate 6 ½" square. Cut one square into (5) equal pieces vertically. Reassemble the strips in reverse order to create (5) peaks. Cut the remaining square in a mirror image. Assemble the (2) blocks into (1) mountain unit as shown, make six units. Make the center

of the strip. Sew to each side of the quilt top. Trim away any excess from each side to maintain 40 ½" width of the quilt. Trace moon onto fusible web. Cut out. Iron onto a small scrap of K1007. Remove paper backing. Iron in place. Machine applique to finish as shown.

5. Next add a CX7232 2 ½" x 40 ½" piece. Follow with a K2259 2" x 40 ½" solid color strip. Add the CX7232 8 ¼" x 40 ½" bears in the lake strip and a K2259 2" x 40 ½" stripe. Set aside.

6. To make one 3 ½" square bear's paw block – place one K1007 2" square right sides together on top of one K2214 2" square. Draw a diagonal line from corner to corner. Sew ¼" on each side of the line. Cut apart on the line. Press open. Trim each right square triangle to an accurate 1 ½" square. Make (4) right square triangles. Sew two together as shown. Sew to one side of one CX7244 Brown 2 ½" square. Sew two more right square triangle units together. Add a K1007 1 ½" square to the end as shown. Sew strip the K7244 square unit as shown to make a paw. Make (12) paw blocks as shown.
7. Refer to photo and sew together (6) paws with (6) K1007 3 ½" squares alternating the placement. Repeat for another row maintaining the checkerboard placement of the paw blocks. Sew two rows together as shown. Sew one K1007 2 ½" x 6 ½" piece to each end of the paw print strip. Sew strip to the bottom of the quilt.
8. Add one K2259 2" x 40 ½" strip. Next add one CX7232 4 ¼" x 40 ½" strip with bears in trees. Follow with one CX7232 2 ¾" x 40 ½" strip and end with a K2259 2" x 40 ½" piece.
9. Layer backing, batting, and quilt top. Baste.
10. Quilt as desired.
11. Bind quilt using K2259 2 ½" x W.O.F. strips pieced together as needed for length.
