BASIC MINKY STRIP QUILT INSTRUCTIONS

48x58/60 approximately

Choose from a variety of combinations of the 10" strips. You will need 5 for the quilt top and one strip for your binding.

Supply List

6 strips 10" x WOF (width of fabric)
(sub-cut in assorted sizes as desired)

Choose and Cut 1 of the 10" strips for binding
(You will need 4 cuts 2" wide)

54x60 backing

54x60 batting

Spray adhesive (505)

Flower head pins

Sewing and Basic Technique for Sewing Strip Quilts:

This quilt is sewn using the flip and sew method. Each strip is sewn on the foundation of the quilt sewing through all layers, backing and batting. This means the quilt is quilted when you are done!

1. Lay the batting on a flat surface. Place the backing fabric centered exactly on top of the batting. Spray fusible adhesive to hold batting to backing fabric.
2. Smooth out all wrinkle. Fold in half keeping the 60" wide horizontally. Mark the center of the backing and batting piece.
3. Lay the desired middle strip centered on the marked line. Use spray adhesive to secure in place.
4. Choose your next strip and pin in place with right sides together lining up seam on one side. Use a 3/8" to ½ " seam allowance to each strip. You will be sewing through the strip you pinned the center strip, the batting and the backing.
5. Smooth the strip right side up and spray to secure in place. Repeat step 4 on the other side of the middle strip.
6. Continue to sew strips alternating sides working from the middle. Repeat pinning and sewing continue until all strips are sewn. Baste the outer edge down before you attach binding. Trim all edges to even up.
7. Bind with 2" strips sewn together.

Quilt Sewing Instructions
Step 1 - Take 2 strips and face them printed sides together - lining up all edges and taking care that the prints are facing the correct way
Sew only one edge together - running the stitch on the opposite plain side - leaving a 1/2" seam allowance
Step 2 - Open up the 2 sewn together panels and press open the seam, with findernail or iron.
Step 3 -Take a 3rd strip and face that right side together with either panel - lining up the edges perfectly - take care to make sure the prints are running the same direction, and repeat step 1. Continue step 3 with the remainder of the strips until all strips are sewn together. Once completed, you will have the face of the quilt.

Batting
Lay quilt printed face down
Cut batting to size and lay on top of back side of quilt
choose your backing and cut to size - laying it right side facing up
secure the 3 layers together temporarily with safety pins or a loose stitch
run a stitch all the way around the edge of the quilt - securing the 3 layers together

Binding - Apply binding to the edge of quilt

1

1/2" seam allowance

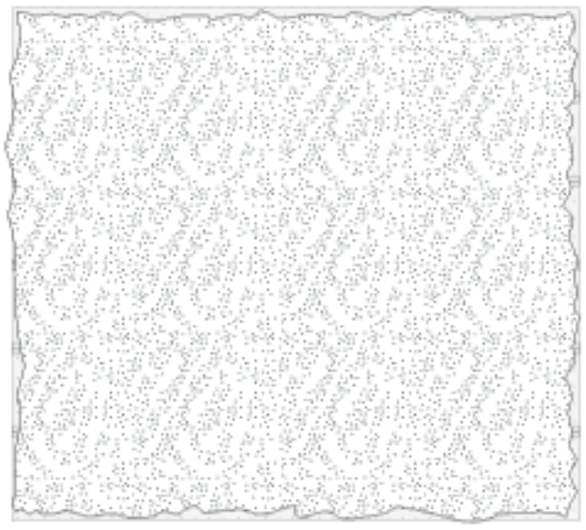
2

Press open seam

3

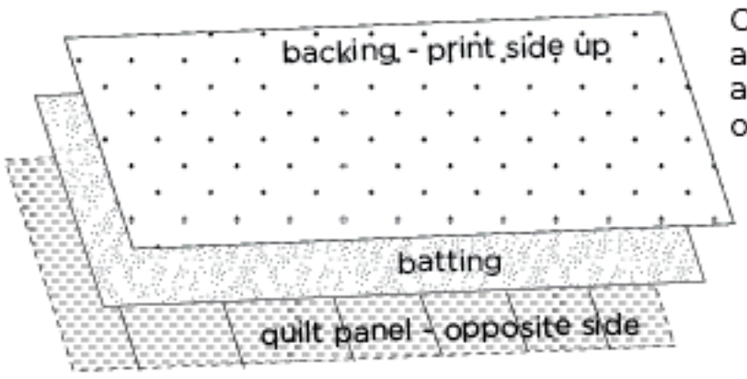
Line up
3rd panel
right sides together
and repeat with all strips

4

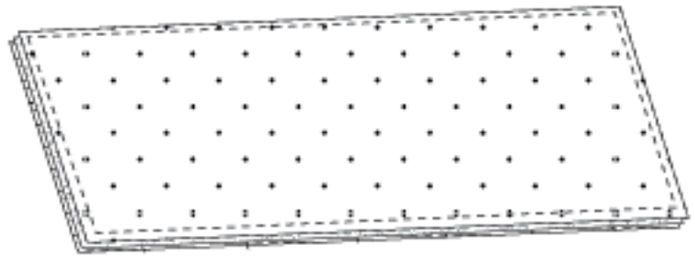


Lay completed quillt
face down on work
surface cut batting to size
and lay on top

5



Choose a backing
and cut to exact size
as quilt panel and lay on top
of batting,facing right side up

6


Sew all 3 layers together - leaving a 1/2" seam allowance
