Cutting Instructions:

- BINDING FABRIC - Cut 9 strips 2¼" x WOF. Set aside for binding.

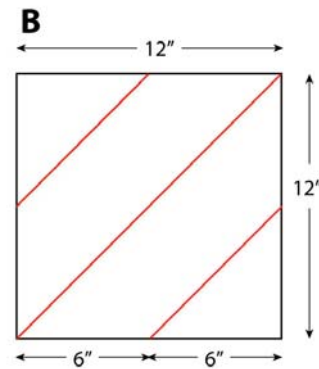

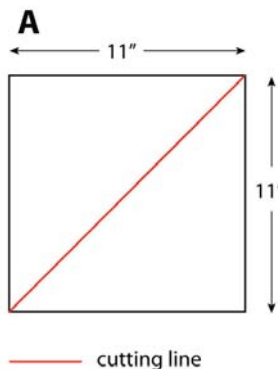

- BACKING FABRIC - Cut 2 pieces 104" long. Set aside for backing.

- All other fabrics are cut into: **A** - 11" squares and **B** - 12" squares as per the table below.

Subcut each **A** square as per the above diagram, resulting in two 11" right-angles triangles.

Subcut each **B** 12" square as per the above diagram, resulting in two 6" right angled triangles & 2 trapeziums.

There will be some leftover pieces when squares are subcut.

FABRIC	CUT 11" SQUARES	SUBCUT 11" TRIANGLES	CUT 12" SQUARES	SUBCUT 6" TRIANGLES	SUBCUT TRAPEZIUMS

Also Needed:

- 84" x 104" quilt batting.
- A rotary cutter, a long acrylic ruler, a large square acrylic ruler, while not essential, will make your life easier (10½" or larger), a cutting mat, thread, scissors, pins.

Construction:

* All seam allowances are 1/4".

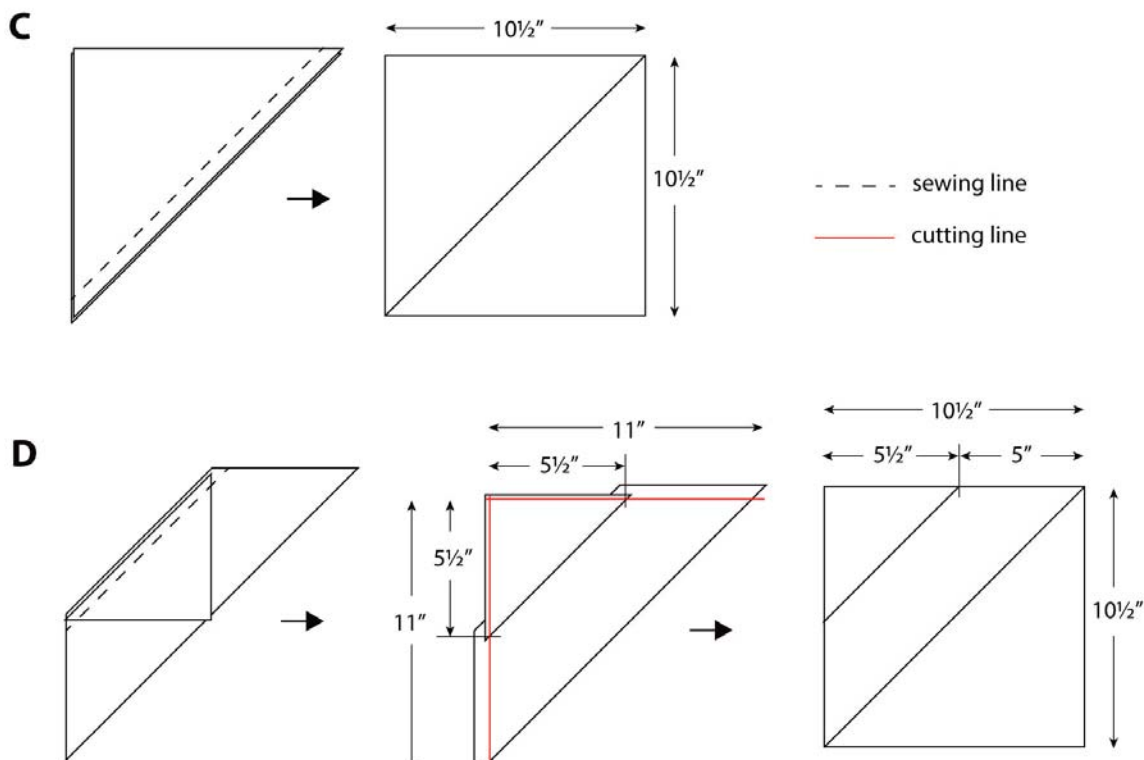

* Many seams in this quilt are along bias cut edges of fabric and thus will have a tendency to be easily stretched if pulled. To avoid this problem, do not pull fabrics while sewing.

- Layout quilt according to the **Quilt Layout** diagram on the following page.

- Sew blocks according to the following instructions & diagrams, **C & D**.

- **C:** When using two 11" triangles, place fabrics right sides together (RST) & sew along long diagonal edge. Press seam open. Square up your finished square to 10½" x 10½", keeping the seam line directly in the centre.

- **D:** When using 6" triangles & trapeziums, place the triangle, RST on the trapezium, matching the long diagonal edge of the triangle to the short diagonal edge of the trapezium. Sew along this edge. Press seam open. Square up resulting triangle so that each perpendicular side measures 11", keeping the seam line at exactly 45°, and the small triangle measures 5½" along its sides. Then use this squared up triangle as you would an 11" triangle in step **C**.

Piecing Quilt Top:

Sew the blocks together, one row at a time. Press seams open. Pin rows together, matching seam lines and corners. Sew rows together. Press seams open.

Assembling Quilt:

Sew together two backing pieces along the long edges. Press seam open. Layer backing, batting and quilt top. Baste or pin. Quilt as desired. Square up quilt top. Join binding strips together and bind in your preferred fashion.
