Additional Requirements:

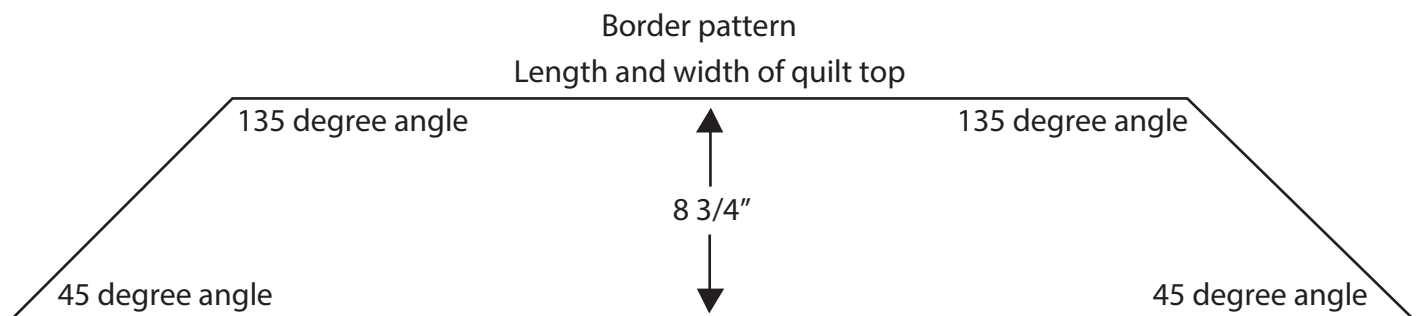

3 yards Backing fabric (If you wish to use the center of the border fabric as part of the backing, you will only need 1 ¾ yards of backing fabric.), 60" x 60" piece batting, thread to match fabrics, template plastic, rotary cutter, ruler and mat, sewing machine, iron and basic sewing supplies.

Cutting

1. Make plastic templates for the Large Square $6\frac{1}{2}" \times 6\frac{1}{2}"$ which includes seam allowance. Make a template for the Frame.
2. Place the Large square on point on the fabric centering it over the motifs on the Hollywood Pixie fabric. Trace around the template and cut out.
3. Trace the Frame pieces on the WOF strips. Cut out the pieces.

4. Cut the pieces listed on the fabric chart.
5. When the inner border is complete (after step 13), measure the edges of the quilt. Draw a pattern for the 8" wide border using this measurement for the inner edge. Draw the ends diagonally. Add $\frac{1}{4}"$ seam allowance to all edges. Center the pattern over the Pixie Border and cut the borders.

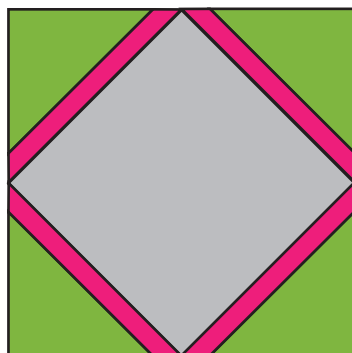

Directions

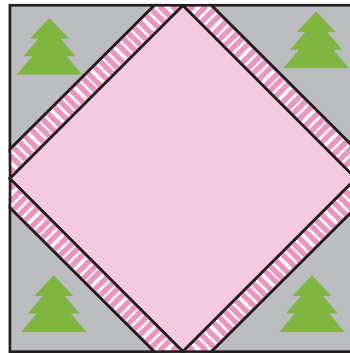

Stitch all seams right sides together using $\frac{1}{4}"$ seam allowance.

Making the Pixie Blocks

1. Sew the shorter edge of the frame to a triangle.
2. Sew the longer edge to each side of the large squares.

Making the Sashing

1. Draw a diagonal line on the wrong side of each small square.
2. Pin the square to the corner of the sashing strip. Sew along the line.
3. Trim the corners to $\frac{1}{4}$ " from the stitching.
4. Press the small square fabric over the seam to make a triangle.
5. Sew a small square to each corner of the sashing strips in the same manner.

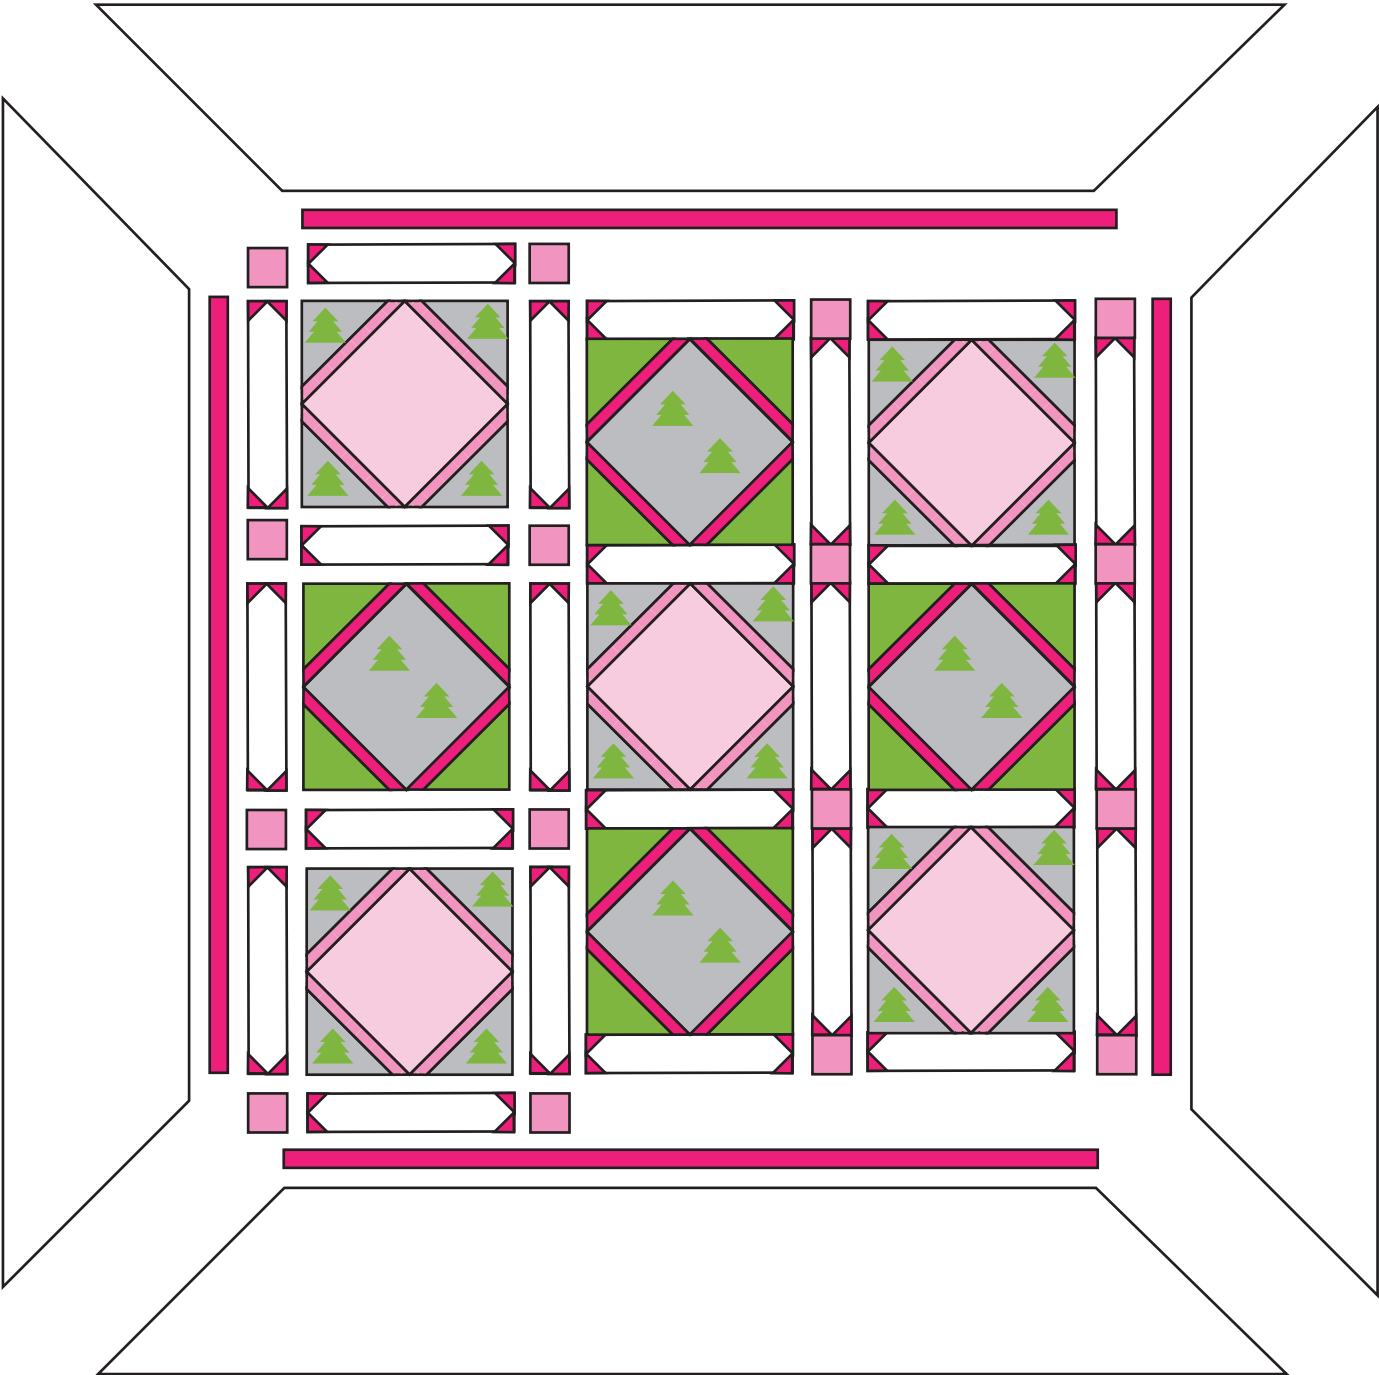

Assembling the Quilt Top **(see Quilt Layout Diagram on page 4)**

1. Arrange the blocks in 3 rows of 3 blocks each alternating the Pixies and the Forrest Blocks. Place a sashing strip on each side of the blocks. Place a sashing square at the corners of the blocks.
2. Stitch the blocks and sashing strips together.
3. Stitch the sashing strips and sashing squares together.
4. Stitch the rows of blocks and sashing rows together to make the quilt center.
5. Measure the side edges of the quilt. Cut two inner strips this length. Sew them to the sides of the quilt.
6. Measure the top and bottom edges of the quilt. Cut two inner border strips this length. Sew them to the top and bottom of the quilt.
7. Sew the borders to the edges of the quilt beginning and ending the stitching $\frac{1}{4}$ " from the edge of the fabric.
8. Sew the diagonal ends of the borders together.
