### Block Assembly

*All seam allowances are 1/4" unless otherwise noted. Unless otherwise indicated, press seams toward darker fabric.*

- Referring to the cutting chart and quilt diagram for fabric placement, group 5" squares per row in the order displayed on the three charts above, and label each row (1, 2...). If squares are arranged in the order they appear on the charts, it is easier to select them for each row. For example: the first row includes squares beginning with CX7379\_Black (A1) and ending with DC7857\_Snowdrop (K1, L1); the second row begins with DC7466\_Lacquer (A2) and goes until CX8170\_White (H2), goes back to CX8032\_dalmatian (J2), then to CX7453\_Black (K2), then back to DC7857\_Snowdrop (L2); and so on.

2. Sew squares together in each row keeping the label pinned to each first square. Press seams to one direction, alternating directions from row to row.
3. Sew rows together in order, matching adjacent seams.

### Quilt Top Assembly

4. For the border, sew the seven Lipstick 3" border strips together end to end using diagonal seams. Measure the vertical length of the quilt top through the center and cut 2 border 1 strips to this length. Sew strips to the sides of the quilt top. Measure the width of the quilt top through its center. Cut 2 border 1 strips to this length and sew one to the top and one to the bottom. Press seams toward borders.

### Finishing

5. Create a quilt sandwich with the batting between the quilt top and the backing. Pin or baste layers together, mark quilting design, and quilt by hand or machine. When quilting is complete, remove pins or basting, trim batting and backing even with raw edges of the quilt top.
6. Join the seven Black 2-1/2" binding strips together end to end using a diagonal seam to make one long strip. Trim seams to 1/4" and press them open. Sew binding to the edges of the quilt top, mitering corners, and overlapping ends. Fold binding to the back of the quilt and stitch it in place by hand to finish.
