## Heart Block A Assembly:

1. Draw a diagonal line on the wrong side of (28) 3" Fabric A squares and (56) 1 1/2" Fabric A squares to prepare for Heart Block A Assembly.
2. Gather (2) 3" x 5 1/2" Fabric B rectangles.
3. Place (1) 3" Fabric A square onto the bottom corners of (2) 3" x 5 1/2" Fabric B rectangles, RST and edges aligned. Note the orientation of the drawn diagonal line on the wrong side of each Fabric A square for the Left and Right SNF Units. The Left and Right SNF Units are labeled below.

4. Sew along the drawn diagonal line on each square/rectangle combination. Trim excess corner fabric to a 1/4" and press toward the corners.

5. Repeat SNF techniques to attach (1) 1 1/2" Fabric A square to both top corners of the Left and Right SNF Units as shown.

6. Sew the Left and Right SNF Units together to complete (1) Heart Unit measuring 5 1/2" x 5 1/2" unfinished.

7. Sew (1) 5 1/2" x 1 1/2" Fabric A rectangle to the top and bottom of the Heart Unit to complete (1) Heart Block A featuring Fabrics A and B. Heart Block A should measure 5 1/2" x 7 1/2" unfinished.

8. Repeat Steps 2-7 to create the following quantities of Heart Block A. Each block will consistently use Fabric A as the background.

- Fabric B: (2)
- Fabric C: (3)
- Fabric D: (2)
- Fabric E: (4)
- Fabric F: (1)
- Fabric G: (2)

## Heart Block B Assembly:

9. Draw a diagonal line on the wrong side of (40)  $2\frac{1}{4}$ " Fabric A squares and (80)  $1\frac{1}{4}$ " Fabric A squares to prepare for Heart Block B Assembly.

10. Using the diagram labeled with measurements to the right as your guide, repeat SNF and Heart Unit techniques described in the Heart Block A instructions to complete (20) Heart Units for Heart Block B. Use  $2\frac{1}{4}$ " x 4" rectangles and the Fabric A squares prepared in Step 9. Heart Units should measure 4" x 4" unfinished. Create the following quantities of Heart Units:

- Fabric B: (2)
- Fabric D: (5)
- Fabric E: (3)
- Fabric F: (5)
- Fabric G: (5)

11. Arrange (2) Heart Units with (2)  $1\frac{1}{4}$ " x  $7\frac{1}{2}$ " Fabric A rectangles as shown in the diagram. Sew together to complete (1) Heart Block B. Heart Block B should measure  $5\frac{1}{2}$ " x  $7\frac{1}{2}$ " unfinished. (Designer Note: Either use the cover image and diagrams on Page 5 for Heart Unit fabric combinations or, randomly combine Heart Units for (10) Heart Block B.)

12. Repeat Step 11 to create a total of (10) Heart Block B. Each block will consistently use Fabric A as the background. Heart Unit fabric combinations are shown below.

Create a Total of (10) Heart Block B

## Quilt Assembly:

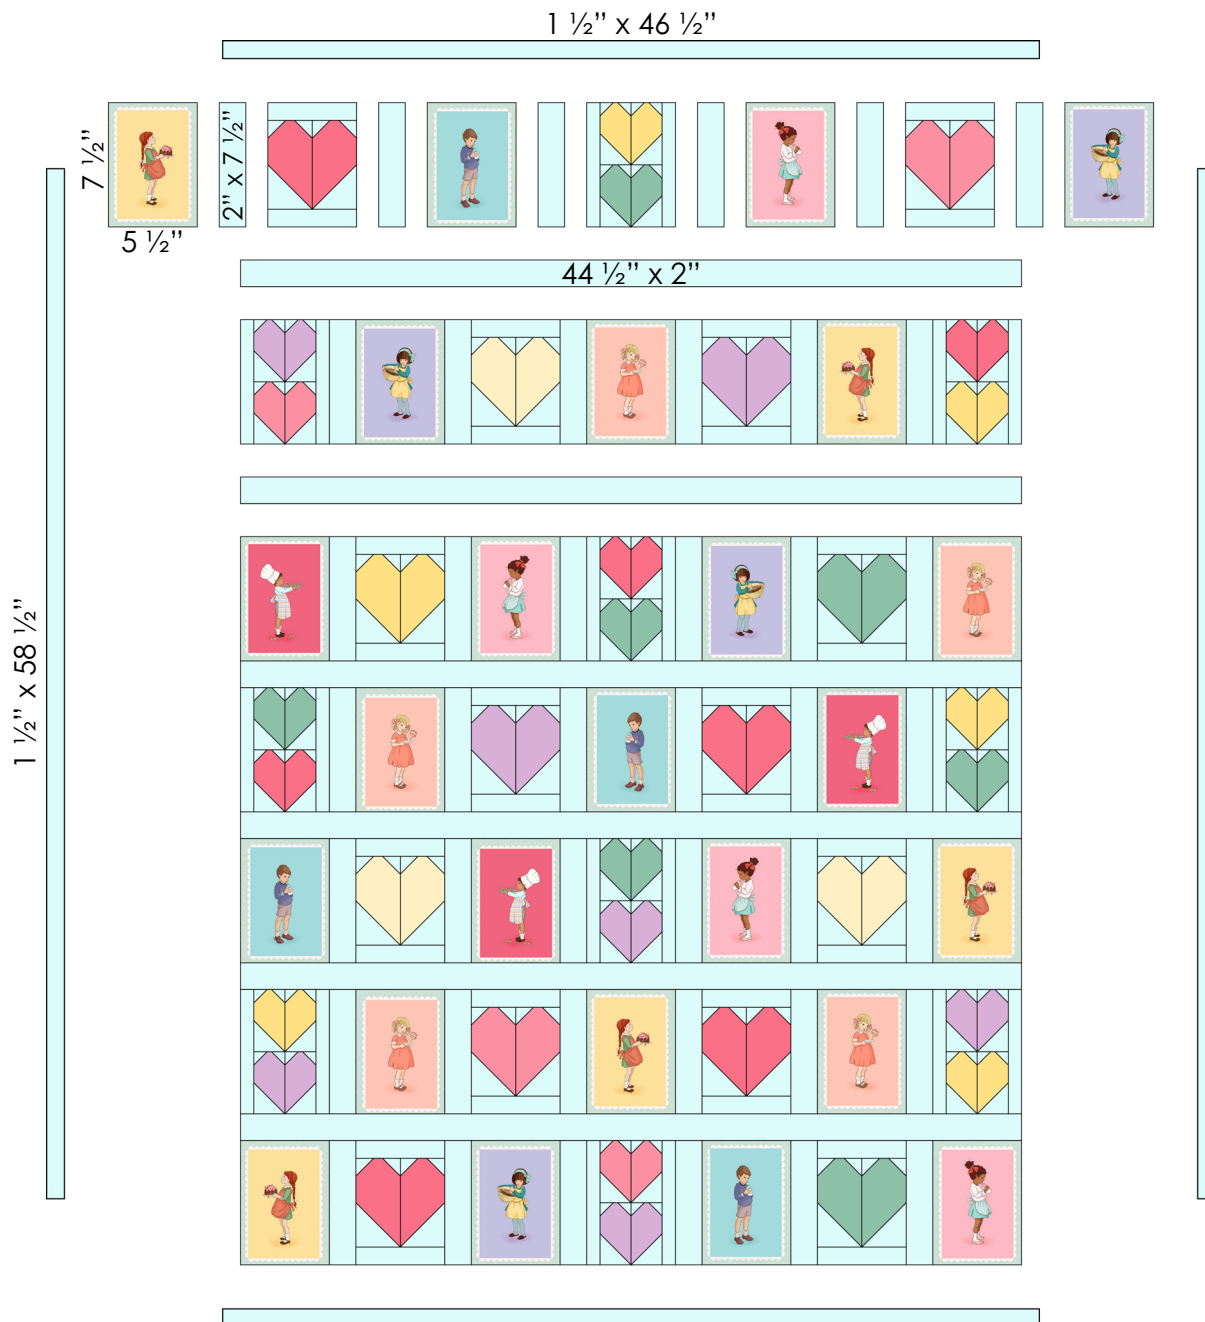

13. Arrange 5 ½" x 7 ½" small panels, Heart Block A and Heart Block B in a 7 x 7 grid, alternating between small panels and pieced blocks. Reference the diagram on Page 6 for placement of Heart Blocks A and B. Either follow the diagram and cover image for fabric placement or arrange to your liking. Place (1) 2" x 7 ½" sashing rectangle vertically in between each block.
14. Sew the rows together, pressing seams toward the sashing rectangles. Pieced rows should measure 44 ½" x 7 ½" unfinished.
15. Sew the pieced rows together, placing (1) 44 ½" x 2" sashing strip horizontally in between each pieced row. While sewing pieced rows to the sashing strips, use pins to avoid stretching or shifting. Reference the Designer Note Box below for assembly tips. Press toward the sashing strips. The quilt top center should measure 44 ½" x 58 ½" unfinished.

*Designer Note: Accurately line up horizontal pieced rows so that blocks and panels are evenly spaced and precise using the following tips and instructions.*

1. Once the first horizontal pieced row is attached to a 44 ½" x 2" sashing strip and pressed, lay a small ruler overtop the pieced row and sashing strip.
2. Align the small ruler with the edge of each vertical seam, and make a small mark at the bottom raw edge of the sashing strip indicating where the vertical seam aligns.
3. Continue to make small marks for most of the vertical seams on the sashing strip.
4. When attaching the next horizontal pieced row to the raw edge of the sashing strip, use pins to align the vertical seams of that pieced row with the marks on the sashing strip. This will ensure that from pieced row to row, blocks/panels align for a neat finish.

16. Attach (1)  $1\frac{1}{2}$ " x  $58\frac{1}{2}$ " Side Border to both sides of the quilt top using pins for accuracy. Press outward. Then, attach (1)  $1\frac{1}{2}$ " x  $46\frac{1}{2}$ " Top/Bottom Border using the same techniques. The completed quilt top should measure  $46\frac{1}{2}$ " x  $60\frac{1}{2}$ " unfinished.

## Finishing the Quilt:

17. Sandwich the quilt top with batting and backing. Baste quilt layers together using your preferred method.
18. Quilt as desired.
19. Bind quilt using (6)  $2\frac{1}{4}$ " x WOF Fabric G strips.
